ABOUT GLASSBUILD AMERICA

Now in its 14th year, GlassBuild America: The Glass, Window & Door Expo is the gathering place for the entire glass, window and door industries. Presented by the National Glass Association and the Window & Door Dealers Alliance along with show co-sponsors, the American Architectural Manufacturers Association, the Glass Association of North America and the Insulating Glass Manufacturers Alliance, and in conjunction with industry's leading publications – Glass Magazine and Window & Door – GlassBuild America is a comprehensive and united event. For more information, visit www.GlassBuildAmerica.com.

In 2016, GlassBuild America is being held in October because of a date change by our marketing partner show, glasstec in Dusseldorf, Germany. glasstec, the largest glass industry trade fair in the world, was bumped out of its usual October timeframe into the September timeframe by an even larger plastics industry trade fair. This meant GlassBuild America had no choice but to shift to October for our 2016 event.

ABOUT NGA and WDDA

Founded in 1948, the National Glass Association (NGA), www.glass.org, is the largest trade association serving the architectural glass and metals industry, and represents the interests of glazing contractors, glass retailers, glass fabricators, primary glass manufacturers and architects. Its sister organization, the Window & Door Dealers Alliance (WDDA), www.wddalliance.org, represents the interests of retail, wholesale and installing dealers of new and replacement windows, doors, skylights and related building products. The NGA\WDDA provides education and training programs and services for its member companies and keeps them informed through the Glass Magazine and Window & Door family of print and electronic publications. The NGA\WDDA also produces the industry's largest annual trade show in the Americas, GlassBuild America, and hosts the Glazing Executives Forum and Window & Door Dealer Days, bringing together thousands of industry professionals to help them build more profitable businesses.
